Re: Congratulations!

(Vicki, Fred, and Jeffrey Modell)

Dear friends at dsai,

On behalf of Fred and I, our Board of Directors and our Foundation staff, it is with great pleasure that we wish to congratulate dsai in Germany, on your 30th year anniversary.

We are delighted to be able to support this wonderful patient organization and encouraged by the great care and services it provides for its patients. dsai is an exemplary patient organization and we look forward to working together for many more years providing early diagnosis, access to treatment, robust advocacy and compassion for Primary Immunodeficiency patients.

Over the years, dsai has received our support to help host many events for patients and their families throughout Germany. The Jeffrey Modell Foundation is proud to have played this small role in such a big and rewarding mission. dsai's mission to educate physicians and the public about Primary Immunodeficiencies is aligned with our global mission. We support dsai's commitment to expanding research in the field of immunology, through their medical education courses, and their steadfast government advocacy in Germany.

Once again, thank you for all that you have done on behalf of Primary Immunodeficiency patients for the last 30 years, and we are looking forward to dsai's services to patients in Germany and beyond for many more years ahead. Congratulations!

With our warmest regards,

Vicki and Fred Modell
